

## **MARCELLA, Dutch dj/producer/radiohost & labelowner**

Her first solo release 'Stabbing Sally' was an instant hit on Renaissance & Royal Flush picked up by Danny Tenaglia, Erick Morillo and Pete Tong. She remixed artists like Yousef, Seamus Haji and David Vendetta, hosts a radioshow/podcast Planet House Radio on dancetunes.com and she's the owner of Planet House Trax.

She's not a purist, not a dj to be boxed, she plays and produces music that has quality. 'House' has been the keyword all the time, whether it's minimal, tech, deep, vocal or tribal house. Marcella: *'You have good and bad music, that's all there is to it. I play whatever suits me and gets the crowd going'*.

*'My radioshow is a reflexion of my musical taste. It's very wide but all the tracks do have certain elements in common; they are sexy, well produced, exciting and sometimes weird but all are beautiful in their own way'*.

Planet House Trax, her own imprint founded in 2010, shares the same philosophy; quality music, thinking out of the box, it's House in the broadest sense of the word. She releases her own productions on Planet House Trax next to tracks from Unisex Inc, Melvin Warning & Virgil Delion and more artists in the future.

### **Productions**

In 2005 she released her first E.P. 'Solar'. Her production skills were praised by others and in a short time her next production 'Stabbing Sally' was released on Richard Durands label Terminal 4. 'Stabbing Sally' had an enormous impact on the dance floors and was picked up by New York house guru Danny Tenaglia, who played the record at Club Space Ibiza. 'Stabbing Sally' became a big international hit and was also licensed to the french Royal Flush and the English leading label Renaissance. Shortly after that she released the tracks 'Who's Your Nanny', which was supported by the famous Swedish house mafia jock Steve Angello and Dave Spoon, 'Inside' and 'Believe In Us'; which had huge support from Laurent Garnier, Roog /Hardsoul, David Vendetta, Dave Lambert and also airplay at Radio 538, 3FM, Radio Donna, Release Yourself Radio, Radio Decibel and Kiss FM.

Under the alias Unisex Inc. Marcella released the track 'Bouncing Nipples' on Toolroom UK in 2008, which had full support from Erick Morillo, David Vendetta, Michael Gray, Eddie Amador and Roger Sanchez, to name a few. Sanchez gave 'Bouncing Nipples' airplay in his Release Yourself Radioshow, and it was ranked four stars by the biggest UK dance magazine Dj Mag.

### **Performances**

Marcella was twenty years when she got hooked on the turntables influenced by the sounds of Kerri Chandler, Roger Sanchez, Frankie Knuckles, Todd Terry but also by Erick Morillo, Josh Wink, DJ Sneak, Mark Farina and Danny Tenaglia. In short time she conquered the Dutch dance scene and became one of the most famous female dj's of Holland. Marcella played in almost every Dutch club and on the biggest festivals like

Mystery Land, Dance Valley, Sensation, Innercity, Welcome To The Future, Lovefields, Solar Festival, Beachbop.

Marcella's energetic dj sets and appearance where quickly discovered by international promoters and since then she travels to countries like Italy, France, Germany, Israel, Turkey, Norway, Greece, USA, Belgium, Curacao, Aruba, Indonesia, Spain, Bulgaria, Poland, Kosovo and party island Ibiza. Around 2002 she started hosting her own club nights in Holland, a.o. "Super" at Dj Cafe Sol Amsterdam and Las Palmas Rotterdam, In 2003 "Sell Out" at Club More Amsterdam and in 2005 to 2007 her successful and always crowded "Planet House Nights" at Club Monza Utrecht and Club Panama, Amsterdam. In 2009 her small but intimate concept "DeNachtQlub" hosted several evenings at Club NL, Amsterdam.
